INTRODUCTION

REVIEW

Nil.

OBJECTIVES

By the end of this lesson the cadet shall have identified air cadet and RCAF officer ranks.

IMPORTANCE

It is important that the cadets be able to identify the ranks of both cadets and officers in order to pay proper marks of respect. It is a matter of courtesy to address people by their correct rank.

Teaching Point 1**Identify air cadet ranks.**

Time: 5 min

Method: Interactive Lecture

CADET RANKS

Every cadet in the squadron has a rank. Ranks are an indication of the experience and responsibility of each cadet.

AIR CADET (AC)

Cadets will start at the rank of air cadet upon enrolment.

There is no badge for the rank of Air Cadet.

LEADING AIR CADET (LAC)

Cadets may be recommended for promotion to the rank of Leading Air Cadet upon completion of five months of training.

The Leading Air Cadet badge is a propeller. When worn on the jacket it is worn on the upper sleeves, centred midway between the shoulder seam and the point of the elbow.

Figure 7 Warrant Officer First Class Rank Badge

Ranks are also worn as slip-ons on the all-season jacket and the short sleeve shirt. Slip-ons are worn on both shoulders.

Bringing the badges and/or slip-ons into the classroom to hand around for the cadets to look at would add an element of realism to the class.

CONFIRMATION OF TEACHING POINT 1

QUESTIONS:

- Q1. What is the highest rank a cadet may achieve?
- Q2. Which rank has three chevrons?
- Q3. To what rank is a cadet promoted to upon completion of five months of training?

ANTICIPATED ANSWERS:

- A1. Warrant Officer First Class.
- A2. Sergeant.
- A3. Leading Air Cadet.

Teaching Point 2
Conduct an air cadet ranks activity.

Time: 5 min

Method: In-Class Activity

ACTIVITY

OBJECTIVE

The objective of this activity is for cadets to become familiar with air cadet ranks.

RESOURCES

- One air cadet rank slip-on per cadet. (There can be more than one cadet with the same rank).
- Tape.

ACTIVITY INSTRUCTIONS

1. Tape one rank to the back of each cadet (the cadet does not get to see the rank that is on their back).
2. Have the cadets walk around and ask other cadets yes or no questions to determine what rank they are wearing. For example, "Do I have two chevrons?" The cadet has to determine from the answers to their questions what rank they are.
3. The cadets can only ask one question to each of the other cadets. They cannot ask the same cadet more than one question to determine what rank they are. This will ensure the cadets are interacting fully with the other members of the class.
4. Once cadets have determined what rank they think they are, have them form a group with any other cadets who are the same rank, if there are any.
5. After 10 minutes, have the cadets split into their rank groups. They will then present what rank they think they are based on the information they received. For example, if a group has determined they have only two chevrons on their back, they would present themselves as the corporal group / individual.

CLOSING STATEMENT

Every member of the squadron has a rank. It is important to be able to recognize cadets and officers by their rank in order to demonstrate the proper respect. Practicing rank recognition and knowing the officers at the squadron is vital for cadets to be able to serve as a member of the squadron. Rank recognition is the first step in knowing and following the chain-of-command.

Method: Interactive Lecture

ADDRESSING CADET NCOS AND SUBORDINATE OFFICERS

It is important to pay the correct compliments to the appropriate individuals.

Throughout the conversation, the cadet shall address the NCO or subordinate officer by their rank and surname and remain at the position of attention. When the cadet has completed addressing the NCO or officer, they should dismiss themselves appropriately by turning to the right.

The instructor should demonstrate this process prior to the activity.

The cadet program aims to promote physical well-being. Cadets develop an understanding of the benefits of fitness and a healthy lifestyle. This understanding, combined with on-going participation in fitness activities, aids in the development of positive attitudes and behaviours that build resiliency within cadets and enable them to meet challenges.

STIMULATE THE INTEREST OF YOUTH IN THE SEA, LAND AND AIR ACTIVITIES OF THE CANADIAN FORCES (CF)

The cadet program aims to expose youth to the sea, land and air activities of the CF. Cadets develop elemental skills through introduction and interaction with their respective CF communities. The cadet program educates and promotes liaison with civilian maritime, adventure and aviation communities. These combined experiences and interactions are essential to the unique identity of the sea, army and air cadet organizations. Also, they distinguish the cadet program as a whole from other youth development programs.

Through leadership activities, cadets develop interpersonal skills and assume responsibility as effective team members, leaders and dynamic coaches. They will develop the ability to conduct themselves in an ethical and socially responsible way.

- A3. The cadet program aims to promote physical well-being. Cadets develop an understanding of the benefits of fitness and a healthy lifestyle. This understanding, combined with on-going participation in fitness activities, aids in the development of positive attitudes and behaviours that build resiliency within cadets and enable them to meet challenges.
- A4. The cadet program aims to expose youth to the sea, land and air activities of the CF. Cadets develop elemental skills through introduction and interaction with their respective CF communities. The cadet program educates and promotes liaison with civilian maritime, adventure and aviation communities. These combined experiences and interactions are essential to the unique identity of the sea, army and air cadet organizations. Also, they distinguish the cadet program as a whole from other youth development programs.

Teaching Point 4**State the motto of the air cadet program.**

Time: 5 min

Method: Interactive Lecture

A1. To prevent uniform parts from becoming shiny.

A2. Thin towel, pillowcase, soft cotton cloth and paper bag.

Teaching Point 2**Demonstrate the correct method of care for the trousers.**

Time: 5 min

Method: Demonstration

TROUSERS

The instructor shall demonstrate the correct method of care for the trousers to include:

- ensuring trousers are well pressed and free of dirt and lint at all times; and
- pressing the trousers, IAW the standard outlined in M107.05 (Wear the Air Cadet Uniform), which is achieved by:
 - lining the pant leg up by the seams to ensure the creases are properly positioned at the centre of the front and back of the leg;
 - laying the pant leg flat on the ironing board;
 - spraying the pants with water from a water bottle;
 - placing a pressing cloth over the pant leg;
 - ironing the pants until a sharp crease extends down the centre of each leg in the front and back, from the top of the leg to the bottom; and
 - ironing on the same crease each time in order to avoid double creases.

Teaching Point 3**Demonstrate the correct method of care for the short sleeve shirt.**

Time: 5 min

Method: Demonstration

SHORT SLEEVE SHIRT

The instructor shall demonstrate the correct method of care for the short sleeve shirt to include:

- ensuring the short sleeve shirt is clean; and
- pressing the short sleeve shirt, IAW the standard outlined in M107.05 (Wear the Air Cadet Uniform), which is achieved by:
 - pressing the entire short sleeve shirt to ensure it is free of wrinkles by laying it flat on the ironing board;
 - pressing the sleeves flat with the top of the sleeve laid flat to ensure a sharp crease is formed down the centre of each sleeve starting at the centre of each epaulette. There should only be one crease in each sleeve; and
 - the collar may be starched to prevent it from becoming limp.

Teaching Point 4**Demonstrate the correct method of care for the jacket.**

Time: 5 min

Method: Demonstration

JACKET

The instructor shall demonstrate the correct method of care for the jacket to include:

- ensuring the jacket is clean; and
- pressing the jacket, IAW the standard outlined in M107.05 (Wear the Air Cadet Uniform), which is achieved by:
 - pressing the front and back of the jacket to ensure it is free of wrinkles;
 - ensuring the pockets on the front of the jacket are pressed flat; and
 - ensuring the sleeves of the jacket are roll pressed so they are free of creases by ironing the sleeves in sections but not ironing the edges.

Teaching Point 5**Demonstrate general guidelines for care of the boots.**

Time: 5 min

Method: Demonstration

BOOTS

The instructor shall demonstrate caring for the boots to include:

- polishing, IAW the general guidelines outlined in M107.05 (Wear the Air Cadet Uniform), which is achieved by:
 - cleaning the welts of the boot with an old toothbrush and black boot polish;
 - using a polish cloth wrapped around the index finger;
 - applying a moderate amount of polish to the cloth;

- applying the polish in a circular motion to the area being polished;
- starting with large circles to cover the area with polish;
- using smaller circles as the polish gets worked into the boot;
- continuing to work in a circular motion until circles formed by the polish are no longer visible; and
- the whole boot is to be polished, not just the toe.
- lacing the boots, which is achieved by:
 - lacing them straight across;
 - tucking the laces inside the boots; and
 - boots should not be tied too tightly.

Teaching Point 6

Demonstrate the correct method for wearing the hair.

Time: 5 min

Method: Demonstration

HAIRSTYLES

The instructor shall demonstrate hairstyles IAW M107.05 (Wear the Air Cadet Uniform), which is achieved by ensuring:

- hair is neatly groomed and conservatively styled;
- the wearing of the wedge is not precluded by the length, bulk and style of the hair;
- the style and colour is not bizarre, exaggerated or of unusual appearance;
- the hair is secured or styled back to reveal the face. Any accessories used to secure or control hairstyles shall be unobtrusive;
- that male cadets' hair is taper trimmed at the back, sides and above the ears to blend with the hairstyle;
- the hair is not touching the ears or falling below the top of the eyebrows when the wedge is removed;
- that sideburns are not extending below a line horizontally bisecting the ear, are not squared off horizontally at the bottom edge, and are taper trimmed to conform to the overall hairstyle;
- that female cadets' hair is not extending below the lower edge of the shirt collar;
- that braids are styled conservatively, tied tightly, and secured at the end by a knot or a small unadorned fastener;
- a single braid is worn in the centre of the back; and
- that double braids are worn behind the shoulders.

Further information on acceptable hairstyles can be found in M107.05 (Wear the Air Cadet Uniform).

OBJECTIVES

By the end of this lesson the cadet shall have identified the RCAF NCM rank structure of the CF.

IMPORTANCE

It is important for cadets to be able to identify RCAF NCMs by their rank.

Teaching Point 1

Describe the RCAF NCM rank structure.

Time: 10 min

Method: Interactive Lecture

RCAF FORCE NCM RANK STRUTURE

The RCAF NCM rank structure is:

Private recruit (Pte recruit) - The private recruit rank has no rank badge.

Figure 8 Chief Warrant Officer Rank

The cadets should be able to identify the ranks from the badges or from pictures of the badges. The cadets should also be able to put the ranks in their proper sequence.

CONFIRMATION OF TEACHING POINT 1

QUESTIONS:

- Q1. Which rank comes after Master Corporal?
- Q2. Which rank is identified by the Canadian Coat of Arms?
- Q3. How many chevrons identify the Corporal rank?

ANTICIPATED ANSWERS:

- A1. Sergeant.
- A2. Chief warrant officer.
- A3. 2.

Teaching Point 2

Conduct an RCAF NCM rank structure identity activity.

Time: 15 min

Method: In-Class Activity

ACTIVITY

OBJECTIVE

The objective of this activity is for the cadets to become familiar with the RCAF NCM rank structure.

RESOURCES

- One RCAF NCM slip-on for each cadet. If slip-ons are not available, make paper copies for each cadet (use as many ranks as the number of cadets in the class; if there are more than eight cadets there can be more than one cadet with the same rank).
- Tape.

ACTIVITY INSTRUCTIONS

1. Tape one rank to the back of each cadet (the cadet does not get to see the rank that is on their back).
2. Have the cadets walk around and ask other cadets yes or no questions to determine what rank they are wearing. For example, "Do I have two chevrons?" The cadet has to determine from the answers to their questions what rank they are.
3. The cadets can only ask one question to each of the other cadets. They cannot ask the same cadet more than one question to determine what rank they are. This will ensure the cadets are interacting fully with the other members of the class.
4. Once cadets have determined what rank they think they are, have them form a group with any other cadets who are the same rank, if there are any.
5. After 10 minutes, have the cadets split into their rank groups. They will then present what rank they think they are based on the information they received. For example, if a group has determined they have only two chevrons on their back, they would present themselves as the corporal group / individual.

SAFETY

PRE-LESSON ASSIGNMENT

Nil.

APPROACH

An in-class activity was chosen for this lesson as it is an interactive way for cadets to learn about the facilities of their cadet squadron in a safe and controlled environment.

INTRODUCTION

REVIEW

The review for this lesson is from EO M107.03 (Identify Air Cadet Ranks and RCAF Officer Ranks) and EO M107.03 (Observe Rules and Procedures for the Paying of Compliments).

OBJECTIVES

By the end of this lesson the cadet shall have toured the squadron.

IMPORTANCE

Being familiar with the location of all the squadron facilities can aid the cadets in following instructions, finding information and participating in squadron activities.

BACKGROUND KNOWLEDGE

This information is representative only. Information presented must be tailored to be specific to the squadron. Individual squadrons may have information that will vary from the information given in this guide.

PARADE SQUARE

The parade square is where cadets have parades. It is where inspections and drill classes usually take place and where the squadron holds parades and other ceremonial events. Appropriate squadron protocols should be followed regarding the parade square.

CLASSROOMS

Classrooms are the areas where cadets participate in most of their training. The classroom space must be respected, especially in facilities that are shared with other groups. Anything that does not belong to the squadron should be left alone. Protocol for entering and leaving the classroom should be followed.

BREAK AREAS

Break areas are where the cadets should be when not tasked. The squadron guidelines for the use of the area should be discussed.

CANTEEN

The canteen is a store for snacks and other items. The money raised through the canteen may be used to benefit the squadron. Hours of operation, personnel responsible and how the money is used should be discussed.

WASHROOMS

The location of the facilities should be pointed out.

COMMUNICATIONS AREAS

Communications areas could include bulletin boards, activity sign-up sheets, and the location of the standing orders and routine orders. The standing orders contain squadron policies. The routine orders contain information on duties, events, activities and personnel changes. Authorization to post information should be discussed.

COMMANDING OFFICER'S OFFICE

If the CO is available, they should introduce themselves and state briefly what they do. If the CO is not available, the tour guide will provide this information. The CO is at the top of the chain of command within the squadron. The CO is responsible for the training and administration of the cadets, civilian instructors and officers working with the squadron. Cadets will normally only visit the CO's office at the CO's request, or if directed by another officer. Protocol for entering and leaving an office should be reviewed.

ADMINISTRATION OFFICE

If the administration staff is available, they should introduce themselves and state very briefly what they do. If they are not available, the tour guide will provide this information. The administration officer (Admin O) is responsible for handling the administrative duties. They are responsible for ensuring forms such as cadet enrolments and summer training applications are completed in full and returned in a timely fashion. They could also be responsible for ensuring attendance is taken for all squadron activities. Other administrative staff

may include assistant administration officers. Cadets may need to go to the administration office to complete paperwork, report absences or to pick up forms. Protocol for entering and leaving an office should be reviewed.

TRAINING OFFICE

If the training staff is available, they should introduce themselves and state very briefly what they do. If they are not available, the tour guide will provide this information. The training officer (Trg O) is responsible for the coordination and implementation of the squadron training program. They are responsible to ensure that training is planned in a logical fashion, instructors are prepared for classes and training materials are readily available for classes. They are also responsible for any administrative forms that are directly related to training, such as training records. Other training staff could include an assistant Trg O, standards officer and level Trg O's. Cadets will normally only visit the training office if the training officer has requested them, or they have been directed by another staff member or cadet NCO. Protocol for entering and leaving an office should be reviewed if applicable.

SUPPLY OFFICE

If the supply staff is available, they should introduce themselves and state very briefly what they do. If they are not available, the tour guide will provide this information. The supply officer (Sup O) is responsible for ordering uniform parts, issuing uniforms parts as necessary and distributing other equipment. They are responsible for all administrative forms that are directly related to supply. Other supply staff could include assistant Sup O's. Cadets will normally visit the supply office to receive their uniform and to exchange items that no longer fit or have become damaged. Appointments may be necessary. If the supply section has specific hours when it is open to cadets, these hours should be stated. Protocol for entering and leaving an office should be reviewed, if applicable.

OUT OF BOUNDS AREAS

Any areas that are out of bounds to cadets should be pointed out. The consequences for violating this policy should be explained.

ACTIVITY

Time: 20 min

OBJECTIVE

This activity is designed to familiarize the cadet with the facilities and staff of their squadron.

RESOURCES

Nil.

ACTIVITY INSTRUCTIONS

1. Divide the cadets into groups of four and assign each group a tour guide.

Group size may be adjusted based on the number of available tour guides and the number of cadets in the class.

2. Have each group start their tour at a different location.
3. Have each group visit each area of the squadron on the tour. Tour guides will present the appropriate information at each point.

SAFETY

Nil.

INSTRUCTOR GUIDELINES

- Brief the tour guides on activity layout and their role.
- Circulate throughout the squadron facilities to watch for bottlenecks and move groups along as necessary.
- Answer questions.
- Ensure protocols are being observed.

REFLECTION

Time: 5 min

Method: Group Discussion

TIPS FOR ANSWERING/FACILITATING DISCUSSION:

- Ask questions that help facilitate discussion; in other words, avoid questions with yes or no answers.
- Prepare questions ahead of time.
- Be flexible (you are not bound to only the prepared questions).
- Encourage cadets to participate by using praise such as “great idea” or “excellent response, can anyone add to that?”.
- Try to involve everyone by directing questions to non-participants.

SUGGESTED QUESTIONS:

- Q1. Why is it important to know where all of the squadron facilities are located?
- Q2. How do you feel now that you know where everything is located?
- Q3. What other information about the squadron facilities would help you feel more comfortable at cadets?

CONCLUSION

HOMEWORK / READING / PRACTICE

Nil.

METHOD OF EVALUATION

Nil.

CLOSING STATEMENT

Knowing the location of all the squadron facilities will assist cadets in following instructions, finding information and participating effectively in squadron activities.

A group discussion was chosen for TP 2 as it allows the cadets to interact with their peers.

INTRODUCTION

REVIEW

Nil.

OBJECTIVES

By the end of this lesson the cadet shall have participate in an activity about the history of the squadron.

IMPORTANCE

The history of a squadron is a source of pride for those within it. Understanding the history of the squadron allows the cadet to see what has shaped the unit since its inception and recognize its progress.

BACKGROUND KNOWLEDGE

SQUADRON FORMATION

There are a number of events that are historically important during the creation of a squadron. These include:

- the charter date for the squadron;
- the initial composition of the squadron, staff and cadets; and
- the first sponsor of the squadron.

SQUADRON DEVELOPMENTS

Squadrons participate in a number of community service events. Some events may happen annually, while others may occur only during special occasions. These events include, but are not limited to:

- ceremonial parades,
- fundraising events for charities, and
- civic events.

Also, squadron personnel are involved in a number of activities within their unit, which are an important part of the unit's history. These activities may include, but are not limited to:

- formation of various activities within the squadron (such as a drill team, band, first aid team, marksmanship team, etc.),
- participation in exchanges, and
- squadron trips to various locations.

Other important developments in the history of a squadron include:

- the development of a squadron crest, and
- the affiliation of a squadron with a Canadian Forces (CF) military unit.

SQUADRON AWARDS AND ACCOMPLISHMENTS

There are a number of ways that a squadron can be recognized. The recognition may come from winning a competition, or for demonstrating excellence in a particular area. These awards can be won on provincial, regional, national, and in some circumstances, international levels.

Many opportunities exist for cadets to win awards at all levels of the Canadian Cadet Organization (CCO). Cadets winning such awards reflect well upon the squadron.

Memorial awards are awards that are left in memory of someone that has made significant contributions to the local squadron or the CCO. Memorial awards that may be given are an important source of historical information within the squadron.

Outside of awards, there are a number of other cadet accomplishments that make up a fundamental part of the squadron history. They include, but are not limited to:

- civilian careers of former cadets, and
- military careers of former cadets.

ACTIVITY

Time: 40 min

OBJECTIVE

The objective of this activity is to familiarize the cadets with the history of their squadron.

RESOURCES

- Squadron photographs.
- Squadron videos.
- Squadron awards.
- Flip chart paper.
- Flip chart markers.
- Construction paper.
- Three tables.
- Bristol board.

ACTIVITY LAYOUT

Before the activity:

- Prepare learning stations based on three topic areas:
 - squadron formation;
 - squadron developments; and
 - squadron accomplishments.
- Ensure each learning station is dynamic by using photos, newspaper clippings, video clips; timelines, memorabilia, summaries on Bristol board or other items.

ACTIVITY INSTRUCTIONS

1. Divide the cadets into three groups. Place one group at each learning station.
2. Have the cadets interact with the material at each station. Be present to answer questions.
3. Have the cadets rotate to the remaining two stations.

SAFETY

Nil.

REFLECTION

Time: 10 min

Method: Group Discussion

GROUP DISCUSSION

Once the activity is completed, the instructor shall have the groups come up to present their information to the class. The instructor shall call up groups with respect to the topic order listed in background information. The instructor should ensure they highlight any missed information after each topic has been presented.

DISCUSSION QUESTIONS

- During this stage the instructor should quickly pose some questions to the class to confirm their understanding of the knowledge presented in the lesson.
- Some of the questions below may not have been directly answered through the learning station. It is the responsibility of the instructor to create a brief discussion around these questions, emphasizing important points brought forth by the cadets.

SUGGESTED QUESTIONS:

- Q1. Why is it important for members of the squadron to be familiar with how it was formed?
- Q2. Why are memorial awards important to the history of a squadron?
- Q3. Why is it important for cadets to understand the history of the corps'/squadrons' involvement within their community?

CONCLUSION

HOMEWORK / READING / PRACTICE

CLOSING STATEMENT

Being familiar with the history of the squadron will give cadets a reason to take pride in being a part of it. Having a good understanding of this information can give cadets more of an appreciation of the squadron and allow them to pass this information on to others.
